The South Coast AQMD requires the following items to be submitted along with the contact information:

☐ Formulation data sheet for the product, if available;
  - This is essential for expedited testing and approval. (*Please note: this information will be treated as confidential if requested*).

☐ Material data sheet for the product;

☐ Sealed, labeled, unopened, 1 quart (or more) sample of the product;

---

[1] A manufacturer may attach a list of products and the appropriate category, along with additional information as a package.

☐ Complete user instructions on how the product is intended to be used, including dilution and/or mixing ratios and any other relevant information;

☐ (*Optional*) Copy of official letter and/or certificate awarded by an approved third party certification organization;

☐ Submittal fee for each product to be tested

- **For current fee amount please see: District Rule 301 subdivision (s)**
- Please Note: the *CACC Certification also requires an additional fee for the quantification of total nitrogen, total phosphorous, and trace metals by a contracting laboratory*.
- The fee amount due will be based on the current version of the rule at the time of submittal.
- Please make checks payable to the "South Coast AQMD".

Submittal Address:
